

PHY 689 - ACCELERATOR

Wed. Feb 14

Home work for Feb. 21 :

1/ Project:

- **Prepare 1~2 slides, ready to show at start of next class : project status.**
Send it to me prior to the class
(include your possible questions : we're here to discuss and help progress !)
- **Update your project report**

2/ Lab work:

- **Have your computer programs installed and running:**
 - In order to allow progressing in the exercises, put the priority on
 - (i) windows interfacing to linux - for windows users
 - (ii) gnuplot
 - (iii) xterm capability for zpop
 - Then, when time allows, PyZgoubi. Start using it at you convenience for the exercises
