

# Updates on CeC Physics Meeting

G. Wang

# Some changes...

- The virtual meeting is now on zoom;
- We have a few new participants to the meeting;
- Expanding the topics of the CeC meeting
  - I. General development in CeC theory and simulation;
  - II. Status and issues with CeC experiment at RHIC;
  - III. EIC cooling requirements and connection to the CeC experiment;
  - IV. EIC strong hadron cooling design.

# Agenda for the next few meetings

- Status of CeC experiment at RHIC (Vladimir/ Igor/ Gang);
- EIC cooling requirements (Erdong/Mike);
- Status of EIC strong hadron cooling design (Erdong/Mike);
- Status of PCA-based CeC theory and simulations (Vladimir/Gang/Jun)

Discussion and suggestions?
